### Order in the school

We are making conscious effort to return to the values that make Angels School what it is, "An International Christian School".

We teach our children to be confident and assertive within the confines of cherished values and norms. It is a pleasant sight to see "Angels" making the conscious effort to greet and respond respectfully to adults presence. We are correcting and strengthening the characteristics that make us unique. Experience our early morning atmosphere of worship and silence hour, while being welcomed by a warm and pleasant teachers on duty.

### Visiting hours

While maintaining an open door policy for parents, students and visitors, we are resolved to create an uninterrupted atmosphere of teaching and learning. In view of this parents and visitors seeking audience with teachers should endeavor to do so before assembly, during the break hours or after closing. Parents who visit the school during class hours are advised to report first to the reception. We believe that this directive when adhered to will give the teacher the ample time to attend to the visitor.

### Reconstituted disciplinary committee

The disciplinary committee of the school has been reconstituted. The four member committee chaired by the Head of School will from time to time invite parents on issues concerning their wards. We are called into a ministry to reform the children and parents are encouraged to co-operate in this direction.

### Health/Sanitation

To secure the health of our children in the light of the outbreak of cholera, pupils are encouraged to come to school with their own cutlery set.

### Recognition of teachers

To motivate our illustrious teachers not to rest on their oars, Angels School has instituted "teacher of the month" award scheme where the work of teachers are evaluated and recognition made where necessary. To ensure the success of this scheme, parents are encouraged to send their opinions and assessment of teachers to [info@angelsschool.com](mailto:info@angelsschool.com).
