Angels Specialist School Int.

14th February, 2018

Dear Parent,

In the philosophy and belief of our school, two elements have been key to building confidence in every child – Exposure and Respect. There is little wonder that our children exude that confidence. To respect children’s views and feelings is to make that impact of greatness on their self-esteem. Exposure, the other component in confidence building, unlocks the door to rolling vistas of experiences and numerous encounters.

Our school is currently into working partnership with some Cambridge schools around Tema determined to send our children on a visit to top-notch schools such as Brunel University and Cats College Cambridge in the UK this summer.

In collaboration with Directors of some Cambridge Schools in the Tema Metropolis we are working to fly a number of interested children to the UK to visit these educational institutions and also have a three-day whistle stop sojourn in Dubai.

Brunel University, a top UK University, has a modern and spacious campus in the lively town of Uxbridge, West London. Aside the range of on-campus amenities, students will benefit from their proximity to Central London and all the major attractions accessible by tube. CAT College Cambridge, a leading sixth form College is located in the heart of the academic city of Cambridge.

Accommodation is on-site at both locations, with single en-suite rooms furnished to high standards.

Students will have the opportunity to meet and engage with new friends from all over the world. They will undertake personal as well as group courses tailored to meet their academic, emotional and physical needs.

Ghana Education Service

Statement Of Mission

“To give that excellent education, which will affect the character, thinking and behaviour of the child as well as offer him the requisite skills, all within a Christian environment.”

They will also have memorable excursions to London, Brighton, Windsor, Warwick, Bath, where they could visit theme parks, museums and see various side attractions. The programme will cover academic and vocational activities including but not limited to Literature, Literary Communication, ICT, Humanities, Science, Catering and Art & Design.

Duration: Two or Two-and-a-half weeks

Dates: 22nd July – 5th August (9-11 years)

18th July – 5th August (12+ years)
