11TH November, 2015

Dear Parent,

STAKEHOLDERS' CONFERENCE

The school writes to reschedule the Stakeholders' Conference that was initially scheduled for the 14th of November, 2015. Parents will be informed of the new date in the course of the term.

Extracurricular Programme (after school)

We invite interested parents to register their children for the Piano and Flute lessons that are run after close of school. It will interest parents to know that the children on the programme are already playing the instruments by reading the staff.

This programme has been very consistent and the results show.

Shuttle Bus

We are reminding parents that a bus service to shuttle children to and from the Community 8 and 12 campuses is still available. With this service in place, parents who patronize it will only have to leave their children at just one campus (without having to go to both campuses, that is; either community 8 or 12) and the bus will shuttle the children to their respective places.

Interested parents should kindly contact the head of Primary department, Mr. Bernard Agbagba on 0501281955 for further clarification.

Integrated ICT Programme

We commend parents who have made the effort to pick up their ward's username and password for the e-learning programme. We urge other parents who have not done so to pick up these credentials so that their children could fully benefit from the programme.

Note:

Parents should note that these credentials are not required when one is accessing the usual virtual school assignment made available during mid-trimester and end of trimester.

Thank you.

- Management
